Increase of the fee from the current USD 250.00 to € 250.00.

Certification of gaming synthetic lanes

The Board resolves to appoint Pietro Brucciani (member of the Board) to prepare a schedule of requirements and conditions necessary for the certification of gaming synthetic lanes.

New website

After the intervention of President Rizzoli noted with pleasure the establishment of the new website good tool for an increasingly wide spread of the game by crook the council hopes that the site is used extensively by all federations to illustrate the activity, express any obstacles, propose appropriate solutions, news and projects. In addition, the Board invites the CTAI to intervene with the federations so that the website should also become a means to submit the most significant technical problems.

Research for sponsors

The Board unanimously hopes that you can find one or more sponsors emphasizing not only the financial role that they should play, but considering the political weight that thanks to them you may have.

Initiatives for the Paralympic activities

On the proposal of the Executive President expressed his desire to enter the bowling as an activity among the Paralympic Olympic disciplines.
